

UI/UX Designer

Description

We are looking for a creative and detail-oriented UI/UX Designer to design intuitive, engaging, and user-friendly digital experiences. You will work closely with product managers, developers, and other stakeholders to transform ideas into functional and visually appealing designs that enhance user satisfaction.

Responsibilities

Conduct user research and gather insights to understand user needs and behaviors
Create wireframes, prototypes, and user flows to communicate design ideas
Design visually appealing user interfaces for web and mobile applications
Collaborate with cross-functional teams to ensure seamless implementation of designs
Perform usability testing and iterate designs based on feedback
Maintain consistency in design systems, style guides, and branding
Stay updated with the latest UI/UX trends, tools, and technologies

Qualifications

Proven experience as a UI/UX Designer or similar role
Strong portfolio showcasing design projects and problem-solving skills
Proficiency in design tools such as Figma, Adobe XD, Sketch, or similar
Understanding of user-centered design principles and best practices
Basic knowledge of HTML, CSS, and front-end development (preferred)
Strong communication and collaboration skills
Attention to detail and a passion for creating great user experiences

Job Benefits

Competitive salary
Flexible working hours / remote work options
Opportunity to work on innovative projects
Professional growth and learning opportunities
